Dear Mr. Isaak:

Re: Applications for Change under Ground Water Certificate No.'s 2802-A, G3-00884C,
G3-01352(C) and G3-22021C

On December 3, 2012 we received four applications for change to add a well to the above described rights. The applications were accepted and given the following numbers:

Certificate No	WRTS Change Application No.
Certificate 2802-A	No. CG3-*02641C@2
Certificate G3-00884C(B)	No. CG3-00884C@2(B)
Certificate G3-01352(C)	No. CG3-01352(C)
Certificate G3-22021C	No. CG3-22021C@2

On October 28, 2013, four new applications for change were filed on the above described water rights with the Grant County Conservancy Board. These applications requested to add a well and change the place of use of the described rights. As we discussed, these applications filed on October 28, 2013 will be pursued and the applications filed with Ecology will be rejected. These conservancy board applications supersede the applications filed with Ecology.

Therefore, the four applications for change identified above filed with Ecology on December 3, 2012 are **REJECTED**.

Dear Mr. Isaak:

We have received the Affidavits of Publication of notices in connection with the above-numbered applications for change on January 11, 2013.

The water codes require that we take no action on the applications until after the expiration of a thirty-day period from the last date of publication. This time period allows concerned citizens to file any protests or objections to your proposed water use.

You will be notified when an examination of your applications will be made. Please be advised that you are required to obtain authorizations before you can begin using the water applied for under these applications. Please note that no construction or water use should begin before a water right authorization is obtained.

If you have any questions with regards to this letter you may contact me at 509-329-3585.

Sincerely,

Karen Tusa

WRIA 42 – Grant County

Dear Mr. Isaak:

On December 3, 2012 we received the above water right change applications.

Your next step is to publish a legal notice for each request. The notices announce your proposed water use to the public and allow interested persons to comment. We have prepared and enclosed these notices for you.

Review Legal Notice Carefully

It is your responsibility to check the notices carefully before having them published. If you find an error, please contact this office for resolution. If we later find an error in your public notices, you may be required to publish an amended notice at your expense.

Publishing Legal Notice

You need to arrange and pay for publishing the legal notices in a newspaper in Grant County.

- Publish in one of the following newspapers:
 - Coulee City News-Standard; or
 - Columbia Basin Herald; or
 - Grant County Journal; or
 - Quincy Valley Post-Register; or
 - The South County Sun; or
 - The Star Newspaper
- These newspapers have general circulation in the area the water will be used and diverted.
- Ensure that the notices appear once a week for two consecutive weeks.

If your published notices do not meet the above criteria, you will be required to have the notices republished at your expense.

Publication should start within 30 days from the date of this letter.

Next Step

You must request an *Affidavit of Publication* from the newspaper in which your notice appeared. The affidavit must be an original, notarized copy of your published notice. Please forward it to our office as soon as possible.

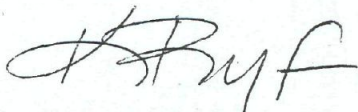

Future correspondence concerning the above should refer to the Water Rights Tracking System (WRTS) processing numbers listed below.
